# Thank you for installing our OptCulture Loyalty & Discounts BigCommerce app!

After installing the app from BigCommerce, please follow the steps below to set up the frontend website widget using the Page Builder design interface.

# Widget Setup Guide

Follow the steps below to set up the loyalty widget on your store's cart page.

#### 1. Click on "View Storefront"

• In the top-right corner of your BigCommerce admin panel, click View Storefront to open your store in a new tab.

	roducts, orders, customers, or navigate to	⑦ 凢 ② View storefro

#### 2. Add an item to your cart

• Add an item to your cart, then go to the Cart page and click **Design This Page in Page Builder** (usually found at the top of the page when viewing the storefront while logged in as the store admin)

#### 3. Drop Opt-Loyalty-Program Widgets

• On the Cart page, you'll see a **Drop widgets here** area on the left side of the subtotal section. From the left panel in Page Builder, go to Custom Widgets, then drag and drop the **Opt-Loyalty-Program** widget into that area.

#### 4. Apply the widget

• Click the Save" button, then click Publish to apply the widget changes to your live store

**Important:** Some custom or legacy themes may not support widget regions like cart\_below\_total. In such cases, the widget may not be created automatically. Please follow the steps below to proceed.

#### **1.** Access the Themes Section

8

- If you see **Storefront** in the left-hand sidebar, click on it, then select **Themes**.
- If not, use the search bar at the top of the admin panel. Type "Themes" and select the appropriate result.

#### 2. Create a Backup of Your Current Theme

- In the **Themes** section, find your active theme.
- Click the Advanced dropdown next to it and select Make a Copy.
- This creates a backup to preserve your current settings.

### **3. Apply the Copied Theme**

Once the copy is created, click **Apply** to set the duplicated theme as your active theme.

#### 4. Edit Theme Files

- Click the **Advanced** dropdown next to your active (copied) theme.
- Select Edit Theme Files to open the Theme Editor.

#### **5. Modify the Cart Page Template**

- In the Theme Editor, navigate to: templates/pages/cart.html.
- Find the following section in the code:

<div data-cart-totals>

• Immediately **after** this <div>, insert:

```
<div class="loyalty-cart-drawer"></div>
```

This div will act as a placeholder for your loyalty widget.
